

# Tauranga Bay Camp - 2017

Room 1 are back from 3 wonderful days at Tauranga Bay Camp. We swam, hiked, performed skits, made shell mobiles, surfed the waves, learnt how to set up a tent, helped in the kitchen to mention but a few of our achievements.

Our main learning was to co-operate and be respectful and kind to our fellow classmates and the parent helpers. We also found out that we were sharing the camp grounds with over 30 other camper vans!

We are so privileged to live in such an amazingly beautiful part of the world!
