

News from Room 5

Kia ora Te Whanau,

It is great to be back at school! It was lovely to catch up with all of the holiday news and find out how we had been spending our time. Here's some of our news for you to share which we linked to the Thinking Hats.

I think it was nice to play with my friend Kawiti in the holiday, by Eli. It was good to share the computer with my cousin in the holiday, by Malika. In the holiday I felt happy when Mum kissed me as she went to work, by Rangi. The problem I had in the holiday was that I couldn't go fishing because I had been naughty, by Traezlyn. I would like to be able to go to Australia with my Mum and Dad because I have never been there, by Riwhi. I saw my cousin in the holiday, by Amaara.

We are looking forward to an action packed term ahead of us. As well as working hard with our core subjects, Writing, Reading and Maths, we will be exploring about Earth, Moon and Stars, starting to do the popular P.M.P. programme in the hall and training for the cross country. We are also excited to be focusing on doing more Art and Science activities. This term the children have spelling words to learn each week, it would be great if you could please help your child to learn how to spell their words.

We have been writing about our special people and wish all of our Mums and Nans a very happy Mother's Day on Sunday.

I love my Mum because she takes me to the pools and she takes me to the beach. She takes me to the movies to watch Moana. My Mum is pretty and she loves me.

By Traezlyn

I love my Mum because she lets me go to my cousin's home. We play on the tree, we get apples and we eat them cut in half.
