

Room 3 News

Kiaora everyone. Wow, week 3 already as we race towards the soon approaching Christmas holidays. This term is proving to be as busy and exciting as the previous 3 here at Kaeo School.

This week Room 3 have been looking at sculpture using natural materials, and perspective as we view things from different angles. We had to create a sculpture from natural resources, photograph the sculpture from 4 different directions then draw it.

Pet day last week was a great success. I was very proud of Room 3. They created some beautiful crafts to be judged by our lovely judges and run our class games very competently. Ka pai!
