

Kiaora te whanau.

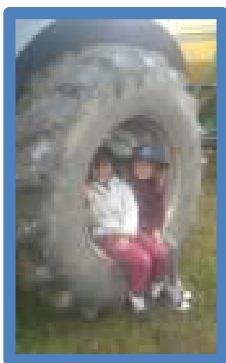

Na Pohutukawa

Kiaora koutou,

We are the new classroom set up in what used be the, kiwican room. This is our very first newsletter. There is so much to tell you. The curriculum focus this term is Food Technology. Our design brief is specifically looking at how do we keep/store sandwiches for a picnic. We have discussed our favourite sandwiches, cut out pictures of containers we think can keep sandwiches and what may happen to various picnic food when left unprotected. WHAT NEXT? Ask the tamariki they'll tell you. This is awesome learning with our tamariki with summer just around the corner.

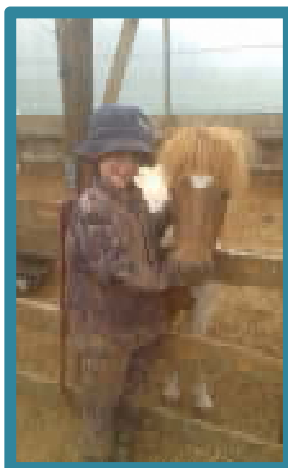

Waitaruke Festival last week was thoroughly enjoyed by all involved. It was a long day but... I agree with the saying " Saving the best, for last" We are very proud of our big roopu. Tumeke koutou !!

The farm visit was a fantastic experience. I'm certain the tamariki came home and talked about what they saw, what they did and mostly what they smelt. Here are a few photos and stories for you to enjoy.

The dog was asleep beside the horse.

By Kawiti

I fell in love with the pony.

By Ruby

I liked the tractor because we got to go inside it.

By Eli

A group got to use the high pressure hose.
