**Term 2**

**Week 1**

Hello,

Here we are back at school after a well-deserved break. Teachers have been busy during the break preparing exciting learning experiences around our Science focus of the Material World.

As Mr Barker is away on his sabbatical this term, I will be stepping up to the position of Acting Principal. My door is always open, so if you have any worries, concerns or happiness that needs sharing please feel free to come in at any time.

Room 1 have started the term with a flurry of autumn cleaning and sorting. They have emptied and sorted through the entire PE shed, organised

equipment so that it is easy to access and disposed of a number of unwanted items. Well done Room 1, now we

have room for some new sports equipment!

The teachers will be attending a paid union meeting next Wednesday afternoon, to discuss further negotiations with the NZEI. Children will be supervised at school and will catch the bus home as normal.

It is fast approaching the time of year where children become sick more often. It would be most appreciated if a phone call could be made to the office before school starts, or soon after. This also applies if your child is away from school for other reasons.

Kind regards,

Debbie Hancock
