

Room Three

It is wonderful to be back at school. The children have settled well and are excited about what the term will bring.

Last term Room 1 and Room 3 went to Kai Iwi Lakes for two nights. We had the most amazing time. The weather was beautiful and the days were action packed. We all slept in tents and learnt how to snorkel and kayak. It was such an amazing 3 days, I can't wait for next year.

This term we are working collaboratively with Room 5 for our Reduce, Reuse, Recycle topic. Both classes will be working together in small groups to design and create some wearable art for our fashion show. We will be looking for parent helpers towards the end of the term to help the tamariki. We know there will be an overwhelming show for support from our whanau and we would like to thank you in advance.

Nga mihi nui
