

Kaeo Pre-School

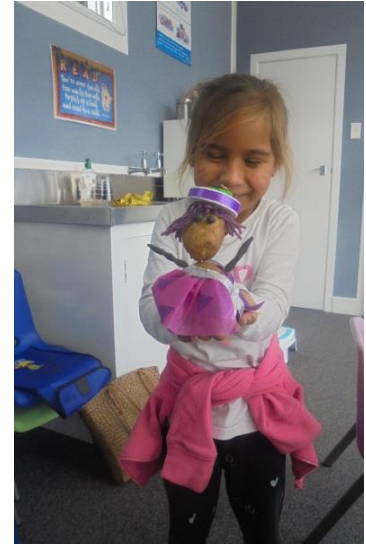

This week at pre-school we read a story called "The Potato People". It was all about a boy who visits his Grandma and they make a Potato Man and a Potato Woman. We all made potato people.

Layce's potato woman has an amazing hat designed by Layce and made out of modelling clay. Layce is going to be New Zealand's best fashion designer.

Cassie's potato woman is "Maleficent" and she has a flowing green cape and a matching hat. Cassie is starting school next week.

Tahlia's potato woman also has a designer hat made from a ribbon reel. Isn't she gorgeous?

The Potato People

Every week at pre-school the children do some alphabet work and then do something art or crafty, like making us. Come and join us. It is a good way to get used to being at school before they start.

If you have a pre-school child aged 3 - 5 please feel free to come along and join us. We are open every Tuesday of the school term from 9 - 11am in the old dental clinic.
