Term 1

Week 2

Hello,

I know that there has been a bit of disappointment about the problems associated with the swimming pool. I share this disappointment. After the work it took to finally manage to get the pool sheds replaced and upgraded it is especially frustrating.

However, as in most things, there is so silver lining to this current problem. After a fair bit of negotiating over the years the Ministry of Education have agreed to pay to have the pool fixed once and for all.

The solution to the problems is to have a fibreglass inlay put into the pool and I am reliably informed that this will see the pool secure for as long as everyone reading this will be around! As part of this work all of the pipe work on the existing pool will be replaced and when this is married up with the new equipment in the pump house and the awesome changing sheds then we will be the proud owners of the best and most modern little pool in the North.

I know that it's frustrating but we will get there.

Kind regards,
 Paul Barker.

Students of the Week

Here are our first Students of the Week for 2020 – congratulations to Kauri, Isobel, Amaara, Marshall and Airini!

Teacher Only Day

As part of the Labour led coalition governments commitment to reducing teacher workload we have been allocated three teacher only days this year. We plan to take the first of these days on Wednesday the 1st of April. We recognise that these days can be an inconvenience to families and so in an effort to benefit the whole school community we have decided to run parent interviews as part of this day in the hope that additional slots during the day will make it more possible for parents to attend the interviews. More details will come out nearer the time but please note this date.

Room 1 Fundraising

Room 1 are busy fundraising for exciting things they have planned for the year and as part of this they will be selling Juicies each Thursday for the balance of this term (at least). The cost is \$2 per Juicy and all proceeds will be used carefully!
