

KIWI CAN WEEKLY FUN SHEET

Kiwi Can Theme Term 2

Resilience

Resilience means being able to cope with challenges (difficulties) and bounce back. While in lock down, that could be a range of things from:

- being bored
- not getting a turn on the X Box when you want to
- not getting your own way

Kiwi Can wants you to focus this week on making your own fun, trying new things and making the best of what you have in your own bubble.

Catch phrase

Kiwi Can says.....

“Challenges we face, we will not fear.
Step up your game, to get you there”

Extra Challenge's

Sign Language

Here is a New Zealand sign language alphabet chart, see if you can learn your name in sign language and then try the rest of your Whanau's names

Raft Challenge

Design and build a raft out of recycled materials in your house and try to float it in the bath or the sink.

If it floats well, then try adding weight to it such as small pebbles or small plastic toys and see how much it can take before it starts to sink. If your design works well, when we all go back to school, with your teacher and they may use your design to build a raft for next year's Kiwi Can Raft Race Event.

It would be awesome if you can take photos or videos of you and your children completing any of these activities and email me on tracy.walker@dingliefoundation.org.nz so that we can share onto our face book page.
