

Kia ora from Miss Lawson and Mrs Smith!

I hope you are enjoying the worksheets we are creating for you...here is today's! It is based around ANZAC day which we will *commemorate this Saturday (25th April). ANZAC day commemorates the New Zealanders that were killed in war and also honours those men and women who returned from war. *Commemorates means to recall or show respect for someone or something.

Don't forget to ask your parents/caregivers if you need help with something. I am only ever a Facebook message or email away too! Enjoy Room 2 :)

Read: Using this link here <https://www.kiwikidsnews.co.nz/anzac-day/> and the help of your parents/caregivers read this article together and see if you can write down a few facts about ANZAC day (what it is, who it involves, where it was, why it happened, when it happened).

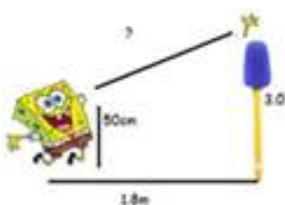

Write: Pretend you were a soldier in the war and you are writing back to your family and loved ones in New Zealand. What would you tell them? Think about what would be going on around you, how you would feel and what might you say/not say to your loved ones.

Start your letter with 'Dear loved one,' and end it by signing your name.

Spell: See if you can come up with 10 words of your own that relate to ANZAC day. Your goal is to be able to spell each of them correctly by the end of the week. Use the article you have read to help you.

Here are a few if you are stuck... poppies, red, black, soldiers, war, New Zealand, Australia, fight, anniversary, commemorate, defeat, Gallipoli, ceremony, tradition, ANZAC, marching, dawn...

Investigate these maths problems - complete at least 2 of the 4 problems and remember to show your working.

$$\begin{aligned} \text{Apple} + \text{Apple} + \text{Apple} &= 30 \\ \text{Apple} + \text{Banana} + \text{Banana} &= 18 \\ \text{Banana} - \text{Cherry} &= 2 \\ \text{Cherry} + \text{Apple} + \text{Banana} &= ?? \end{aligned}$$

$$\begin{aligned} \text{Apple} + \text{Apple} + \text{Apple} &= 18 \\ \text{Apple} + \text{Banana} + \text{Banana} &= 14 \\ \text{Banana} - \text{Cherry} &= 2 \\ \text{Cherry} + \text{Apple} + \text{Banana} &= ? \end{aligned}$$

$$\begin{aligned} \text{Kiwi} + \text{Apple} + \text{Kiwi} &= 22 \\ \text{Pear} + \text{Pear} + \text{Kiwi} &= 28 \\ \text{Apple} + \text{Apple} + \text{Pear} &= 38 \\ \text{Apple} \times \text{Kiwi} \times \text{Pear} &= ? \end{aligned}$$

Puzzle ID: 6680 SolveMeEtc.com

$$\begin{aligned} \text{Blue Cup} + \text{Blue Cup} + \text{Blue Cup} &= 15 \\ \text{Orange Cup} - \text{Orange Cup} + \text{Blue Cup} &= 10 \\ \text{Red Cup} + \text{Red Cup} - \text{Orange Cup} &= 06 \\ \text{Blue Cup} + \text{Red Cup} \times \text{Orange Cup} &= ? \end{aligned}$$

Explore and investigate: There are a few ways that we can commemorate ANZAC day as a class. You could make some ANZAC biscuits or create/draw some poppies. Use the links and photos below to help you.

Miss Lawson's favourite ANZAC cookie recipe...
