

Kaeo School at Home

Hi from Mrs Molesworth,

Here is your plan for today—you will get another on Monday. Some things are easy for you to do and some may be a little more difficult. It's ok to get Mum or Dad to help you—they may enjoy it! Your job is to work on the tasks over the next two days, your parents job is to help you out and to check that you understood the activity and that you completed it. Take lots of photo's so we can share them when we go back to school. I hope you have been enjoying my Teddy posts on our Facebook site, keep watching and see what happens next!

Share another book with someone in your whanau, maybe one of your Duffy books or one online, and talk about your favourite page. You may have noticed some words or letters you know, or a ? or ! or a fullstop. You can tell us about this at Sharing Time when you come back to school.

Flipping Pancakes! Find some bits of card or a box you could cut up and make some round pancakes [trace around a jar lid or something else round] you need to make 10 of them. On the front write the numeral eg 3 and then on the back draw the number of dots this numeral represents. Ask if you could borrow a pan and a flipping spoon and put it on the floor and pretend you are flipping your pancakes out and when one is flipped out you have to name the number or the dot pattern. When you have practiced this you can find objects to match the numbers of your pancakes and place them all out on the floor.

Take a photo and send to to our Facebook page.

Draw another picture of something you have been doing with your whanau, remember to put in lots of details, especially their faces and bodies. Try to draw some of the things around you, eg the sun or grass or pets or toys. Get an adult to help you write your story, some of you know how to write some words. Remember to keep all your lovely work and bring it to school when we go back.

In Room 7 we call this our alphabet work. Remember our play dough letter mats and how we were practicing to write letters on our little whiteboards? You have been practicing magic C letters so now lets practice our Bunny Jump letters. A Bunny Jump is when you have to actually pick up your pencil and move it while writing a letter. There are lots of Bunny Jump letters, especially with capital letter such as A, H, P, R, T, K, D etc. Lets start with P, it is easy and also has an easy sound to make and remember. Then do B, then do R. You can practice on the concrete with a brush and water and then try writing on some paper using a pen or marker. Remember to bring it to school to share.

I hope you had fun with your Balance Game, I can't wait to hear all about it when we get back to school. Today I would like you to try The Peg Game! You have to peg some clothes pegs on the back of your whanau, on their T Shirts. It must be the same number of pegs on each person. You have to set boundaries of where you run in and take pegs from others backs and then peg them to the front of your own T Shirt. You can only take 1 peg in a row off the same person. You can't take them off the front of the shirt. The winner is the person with the most pegs on their front. When someone says stop you have to count your own pegs on the front and the back. Have fun, watch where you run!
