

Kaeo School at Home

Hi from Mrs Molesworth,

Here is your plan for today. I have loved seeing all the work you have done and the photos of your home activities, keep me posted. Some things are easy for you to do and some may be a little more difficult. It's ok to get Mum or Dad to help you—they may enjoy it! Your job is to work on the tasks over the next two days, your parents job is to help you out and to check that you understood the activity and that you completed it. Remember to keep all your

Share another book with someone in your whanau, maybe one of your Duffy books or one online, and talk about your favourite page. This book might be real, we call this non-fiction, discuss this. Or it may be a made-up story, we call this fiction, discuss this. You may have noticed some words or letters you know, or a ? or ! or a fullstop. If it is non-fiction try to remember a fact, this is a piece of information that the book is telling you. Keep this in your memory and you can share this when we go back to school.

Ten Frame Game! Ten Frames are an amazing tool for visualizing numbers. Make your Ten Frame out of an old egg carton, cut off the last 2 compartments so you have 10 egg spaces not 12. If you don't have an egg carton you could draw your Ten Frame. Make up a set of cards using the numbers 1-10. Choose a card and then show this number in your egg carton—if its number 2, you would put 2 objects in your egg carton. Then you could practice writing this number, an adult could help your hand do this if you don't know how to draw the letter, we call this overhand helping.

Lets try some Information Writing! Wow we haven't done this before! Firstly draw a picture of something real or true, like your non-fiction book. It could be yourself looking at a butterfly.

Underneath this picture I want you to draw 3 true things, [we call these facts] about what you notice.

If it was a butterfly you might draw 2 wings, its colour and if it landed on a flower. An adult could write your information writing underneath each picture. Have a go, have fun and remember to keep it for our book.

Remember this is called our Alphabet Work. We have been practicing Magic C letters and Bunny Jump letters. Today lets try Push Up Letters. I call these push up letters because we push our pens up. Your pens should not leave the paper until your letter is complete. These letters include lower case r, n and m.

Autumn Leaf Pictures. I would like you to find 5 lovely Autumn leaves, the first one being the smallest and the last one being the biggest. Different shapes would be fabulous. Then I want you to lay them out on a piece of paper or card and draw legs underneath them, a beak and an eye! If you position them on top of each other going up the page this would look fun and maybe have them facing different ways. Now glue them on. Also you could have 2 legs or 4 legs, its your choice.

Have fun, be creative!
