

Kaeo School at Home

Hi from Mrs Molesworth,

Here is your plan for today. Some things are easy for you to do and some may be a little more difficult. It's ok to get Mum or Dad to help you—they may enjoy it! Your job is to work on the tasks over the next two days, your parents job is to help you out and to check that you understood the activity and that you completed it. I am loving the photos you are sending and posting. Remember to keep your work.

Share another book with someone in your whanau. It could be another Duffy book, or a book online. This time you could talk about the pictures first and make a guess what you think will happen. Talk about what the characters in the book are feeling and why. Decide on your favourite page and discuss why you chose this page. Maybe you could make a list of the books you have shared so far and show the class when we go back to school.

Draw "The Hungry Caterpillar" like the one on our wall in our classroom. You just have to draw circles. Your first circle is the head, put a face and some feelers on it. Now draw 10 circles for the body [you could trace around something to make the circle or try drawing the circle yourself]. In the first circle you will draw 1 piece of fruit or vegetable that the hungry caterpillar liked to eat. In the 2nd circle you will draw 2 pieces of fruit or veges. In the 3rd circle you will draw 3 pieces of fruit or veges and so on until you have 10 pieces of fruit or veges in your last circle. I can't wait to see what your Hungry Caterpillar loves to eat!

Draw a picture of some thing you did with your whanau. Think about all the details you will put in your drawing. What will be the biggest, what will be the smallest? Think about the colours you will use. Remember people have arms and legs and feet and faces! If you are drawing an animal try to work on size and shape. Get someone to help write your story, you can put in the full-stop at the end.

In Room 7 we call this our alphabet work. Wow I have seen some fabulous letter work from room 7 over the past two weeks, keep it up. Today we will practice Big Line Down letters. Big Line Down letters go straight down. We start at the top and fall straight down all the way until we bump the bottom line. The obvious one to start with is lower case l. Then we move to lowercase h. Lowercase b is a similar motion, I say " follow all the way around until he has his belly!"

Lets try some more creative artwork! This time you will have to leave it outside so to show me you will have to take a photo. I want you to make a picture of yourself but you have to use materials from outside on the ground! You have to make yourself on the ground by using any of the following things..... Little stones, big stones, grass, sticks, flowers, leaves, seed pods, cones etc. Remember you must have a face, hair, legs, arms, hands, feet, fingers, and maybe you could think of a way to fill in your body like your clothes! Have fun, take a photo.
