

# Kaeo School at Home

Hi from Mrs Molesworth,

Here is your plan for today—you will get another on Monday. Some things are easy for you to do and some may be a little more difficult. It's ok to get Mum or Dad to help you—they may enjoy it! Your job is to work on the tasks over the next two days, your parents job is to help you out and to check that you understood the activity and that you completed it. I hope you have been enjoying your school packs. Not too much longer and we will be together again. Keep being kind and helpful and make someone laugh every day!

Share another book with someone in your whanau, maybe one of your Duffy books or one online, and talk about your favourite page. You may have noticed some words or letters you know, or a ? or ! or a fullstop. Today I want you to read a Fairy Tale. It could be Cinderella or Jack and the Beanstalk or Little Red Riding Hood. There are many Fairy Tales, I wonder what you will choose. When you have shared it I want you to ask yourself some questions about it e.g. would you eat the Gingerbread Man? Or would you have climbed up the Beanstalk? We will share your Fairy Tale when we get back to school.

Today I would like you to listen to the book on Youtube called "Pattern Bugs " by Trudy Harris. Patterns are everywhere in nature. Recognizing patterns is a fundamental math skill. Each bug in the story makes a sound or movement that creates a pattern. The pattern is repeated for the frame decorating the pages and the other pictures on the page. After reading this book you could create your own pattern bugs. You will need an adult to help you here.

Instead of drawing a picture and writing a story, today I want you to do some letter /object matching. I want you to choose some letters, write each one on a piece of card or paper, cut the letter out and put it on a plate. Then go around your house and find objects that start with this letter and have the same sound. You will have to find small objects so they fit on your plate. If you have letter Aa you might find an apple, if you have letter Ll you might have a piece of Lego. See how many letters you can do? Practice saying out loud the sound.

In your letter work today I want you to practice Special S. When you write Special S you slither and curve around like a snake. Make sure you don't get it backwards. Lower case and Upper case are the same, one is just smaller than the other. Remember you don't have to write your letters on lines, they can be just on a blank page as it is easier to learn like this first.

It's still Autumn so let's do some more Autumn Art before we go into Winter. I want you to make 5 Leaf Fish! You need to gather 5 Autumn leaves of different shapes if you can. Glue them onto a piece of paper. Draw a tail, fins if your leaf is smooth, a puffy mouth and an eye. Position them so they are all facing in the same direction. Add some bubbles and some curvy waves. Who would of thought you could make a fish out of leaves! Have fun, be creative. Love Mrs M.
