**Week 10**

Hello,

We are very grateful to those of you who have so kindly either pledged or already supplied items for our Matariki hangi on the 2<sup>nd</sup> of July. Your kindness is appreciated.

We have cleared out freezer and cupboard space so if you wish to send things for the hangi to school then we will be very happy to accept them.

Most importantly we need to know who and how many people will be attending and so if you haven't already please let us know as soon as possible. We don't want anyone to go hungry!

It is also important because we plan to keep the children that are attending the evening at school on that day and we will send those children that we do not have advice for home on the bus that day. We want to get this part just right so please do let us know. Looking forward to an enjoyable and fun night!

Kind regards,  
Paul Barker.

### Senior Playground

Last year the government announced a substantial allocation of funding to schools to enable them to undertake projects that they simply could not afford using their day to day budgets. You will be aware that our school roll continues to grow at pace and so the Board of Trustees has decided to use our share of this money to move the senior playground to the green space by the flagpole and to return that part of the barked playground to lawn to provide additional space for our junior school children to enjoy. This work will begin over the next few weeks and we look forward to its completion – thanks Jacinda and team!

### Dental Clinic

The Dental Clinic is now up and working. Every child will be seen and, if required, work undertaken provided that we hold a dental permission slip. If your child has any dental related problems please let the office know and we can work with the dental nurses to get these seen to promptly.

### Students of the Week
