Term 3

Week 1

Hello,

It is always great to return to school after the holidays and especially as we head past the depths of winter towards the promise of spring!

Term 3 promises to be a busy one with a long list of things to keep school full of learning, engaging, and fun. Here's to a happy term!

Kind regards,

Paul Barker.

Our Kauri Trees

Visitors to school would have noticed that the four Kauri trees at the front of the school are in the process of being removed. We have engaged a professional to uplift the trees so that we can ensure that they will be able to be successfully replanted once we find a more suitable home them.

The trees are being moved so that we can then transfer the senior playground to the area where the trees currently are, provide a better standard of fall material below them, and importantly reclaim the area in front of the junior block to provide room for the growing number of children that we have in that area of the school.

Happily, we now have approval of the funding for this project and weather permitting it will begin in Week 8 of this term and be completed over the next school holidays in time for Term 4.

This is the first of, hopefully, many new building projects and we await news of the approval of others – we will keep you informed as information comes to hand.

Matariki

It was a shame that our Matariki celebration was postponed at the end of last term. We will try again next Thursday the 30th of July. A Matariki update will be sent home in the next couple of days. – please look out for it. We look forward to seeing you.

Students of the Week.

No Student of the Week photo this week so instead here are our 100% attendance people for Term 2 – well done to them!

Vacancy

We are looking for a lunch lady or gentleman for school. The position is for 1.5 hours per day for four days per week during school terms preparing and delivering school lunches. If you are interested in this role at school please get in touch with Mr Barker.
