Carlos the Kind Chameleon

We have been working with the '10 keys to a kind classroom' this term and decided that we would do some artwork with the theme of 'Carlos the Kind Chameleon'. We worked with chameleon coloured dye and used a stencil to help us create our artwork.

We also created some 'kindness beads' out of clay. When we had finished making and painting them, we gave them to the other people in our classroom and used one of the kindness keys to let them know they were doing a great job.
