

# Kia Ora from Room 7

It's Autumn already and room 7 are all go planting seeds for our "alphabet vege garden"! We have had a busy start to school life focusing on "Its All About Me" We have painted self portraits, explored the letters in our name, drawn our whanau, started to write stories, and created our first rainbow fish piece of art. We have our very own tree with our apple faces and leaves of kindness. Here are some photos of our beautiful room.
