

A wet and windy welcome to Room 4's home learning, from Mrs Hancock

Welcome to page 2 of this week's home learning. Keep the emails coming my way! (debbie.hancock@kaeo.school.nz)

I have signed us all up for Class Dojo, if you would like to know your log in and password, email me and I will let you know.

I have also signed us back up to Study Ladder, which is another fabulous online learning place – again if you would like your username and password, email me on the email address above.

The wonderful people at **Life Education Trust (Harold the Giraffe)** have put together some fantastic home learning activities for you. Copy and paste the link below to check out their pages.

Mystery Doug: How were LEGO bricks invented <https://mysterydoug.com/mysteries/LEGO?loc=mini-lesson-image#slide-id-12130>

Go Noodle: Check out the new dance 'Lunch' and 'Pizza Man' (Mrs Hancock's favourite)

Read the text below about Tigers

After you have read the story, complete the tasks below:

1. Read the text below about Tigers
2. Answer the questions underneath the text
3. Find out **five** more pieces of information about the Tiger and write them down

Tiger Report Writing

We have practiced writing a report in class this term. Read the Tiger information at the bottom of this page.

1. After reading the Tiger information, make a bullet point plan for each section:
 - a. What tigers look like
 - b. Where tigers live
 - c. What tigers eat
2. From your plan, write a report about tigers. Remember: Don't copy from the information, write down what you remember.

X	2	4	6	8	10	12
3			9			15
6		10				
9	11					
12						
15		19				
18						

Investigate the maths problem below.

Three Coins on the Table

Jo's table Jo has some squared paper handy. She put the even numbers from 2 to 12 along the top and the numbers 3, 6, 9, 12, 15, 18 down the side. She then started adding the numbers together. As she filled in the numbers she began to see patterns.

Once you have completed the chart, change the numbers by adding 10 to each.

Predict what pattern you will see, try and complete the table without adding the numbers up, and just use the pattern that you have already spotted.

Skip counting in 2's forwards and backwards up to 100

Here is your spelling list for this week—your goal is to be able to correctly spell each word by the end of the week.

List 3: all, came, have, like, said, are, day, her, mum, some

List 4: around, food, no, ran, two, big, from, now, saw, us

List 5: away, family, long, really, too, bed, five, looked, room, walked

List 6: asked, decided, felt, how, later, black, dog, find, inside, life

List 7: bad, everything, hand, myself, stop, ball, face, happened, new, swimming

List 8: hospital, their, breakfast, tomorrow, instead, threw, brought, everybody, lightning, don't

Te Reo Maori: wha – four, rima – five, ono - six

From Miss Foster - Egg Yolk paint

This makes a very shiny paint, you will be eggstatic with the results. What word can you paint that has the sound of the week?

Ingredients

- Eggs
- Small bowls
- Paintbrushes
- food colouring
- Paper

Instructions

1. Separate the yolks from the whites, drop one yolk into each of your bowls
2. Mix food colouring into the egg yolk
3. Mix well
4. Paint

Tigers

What do Tigers Look Like?

Tigers are mammals. They are the biggest of the big cat family. Most tigers have orange fur with black stripes on their body. Some tigers have black or white fur with light brown stripes. The stripes help to camouflage the tigers when they are hunting for their prey. The markings on every tiger are different, a bit like human fingerprints.

They have long legs to help them run fast and sharp claws to catch and kill their food. They also have a very long tail. Tigers, unlike other cats, love the water and are fantastic swimmers.

Where Do Tigers Live?

Tigers that live in the wild live in Asia. Some live in the cold parts of the north, others live in the south where it is much hotter. Tigers live in different types of forests. They like to live and hunt on their own and mark their territory by scratching marks on trees with the powerful claws.

Sadly, tiger habitats are being destroyed and people hunt them for their fur. This means tigers are now endangered. Most are living in captivity, in places like a zoo or wildlife sanctuaries, to protect them.

What Do Tigers Eat?

Tigers are carnivorous (they only eat meat). They like to hunt for food at night. They silently stalk their prey and then pounce, biting it with their strong, sharp teeth. Tigers eat pigs, rhinos, deer, cows and horses, as well as other smaller animals.

Questions:

1. What do tigers have on their fur?
2. Complete the sentence: The markings on every tiger are different, a bit like human _____.
3. Where do tigers that live in the wild live?
4. What do tigers like to do that other big cats do not?
5. What do tigers eat? Write down two examples.
6. Why are most tigers living in captivity?

ART:

Here is a link to youtube on how to draw a tiger – Have fun, share your pictures with me.
