

Kaeo School at Home

Room 6

Hi from Mrs Goscomb,

Number 5 Date 6 September 2021

How are you? I hope that you and your families are keeping well like Rodney and I. Although we are in Level 3 now, we still have to stay in our bubble and be patient, waiting to make sure that there is no covid in our community before we can go back to school. It is officially Spring now so we can expect to see more sunshine and maybe less rain which will be nice. You can email me, christine.goscomb @kaeo.school.nz if you want to or post pictures of your work on our Facebook Page. Be kind and Stay Safe, Mrs Goscomb.

It is hard to live in our bubbles. We all find it difficult when we can't go out to see our friends and family who live in other bubbles. We must try to be **Kind** to those near us and to be patient so that we can have happy bubbles. Read the story **Be kind** by Pat Zietlow <https://www.youtube.com/watch?v=kAo4-2UzgPo> talk about the book and then write about how you can be kind. You can use the starter **I can be kind by** Remember to leave spaces between your words. Say your words slowly and write down the sounds that you hear, especially the first sound of the word. Read your writing back and check it makes sense. Draw a picture of you being kind.

Read the story **The shy little Kitten** <https://www.youtube.com/watch?v=2DhyThIEwSs>

Write the title of the book. Draw a picture about the book. Work with someone in your bubble and take turns to ask each other questions about the book with these key words?

Who

What

Where

When

Why

How

Exercise and count by 5's <https://www.youtube.com/watch?v=amxVL9KUmq8>

Make a counting in 5's hand chart. Get everyone in your bubble to draw around and cut out their hands. Glue these on a chart going up, one above the other. Write the counting in 5's pattern, beside the hands. Practise counting by 5's with your hand chart 5,10,15,20,25,30,35,40,45,50

Can you solve this problem by counting in 5's? How many sides on 4 pentagons?

Practise writing your numbers by playing the game in you home pack called **Rolling the dice**.

Our special **Letter of the Week** is the letter is **Kk**.

Choose 5 of these words that start with **k** to learn for your spelling this week; **kid, kit, Ken, key, Kaeo, Kaio, kind, kiss, keep, keeping, kick, kicked, kicking, kite, king, kangaroo, Kylie,**

Listen to the letter k song by Jack Hartmann <https://www.bing.com/videos/search?q=song+about+k&docid=607996919176451982&mid=41213485E6BECCF6878941213485E6BE>

We are discovering more about the world around us by using our senses. Today I want you to focus on using your **tongue** and your **sense of taste**. Everything you eat has its own taste.

Some things you like and somethings you don't. Ask people in your bubble for 5 foods they like and 5 they don't. Your tongue is the part of your body you taste with, it is covered in tiny taste buds that can pick up on 5 basic tastes. Which foods did you miss the most during lockdown?

Play **Guess that food**. Cut up some small pieces of food, e.g. cheese, apple and get your buddy close their eyes and hold their nose and try to guess which food you give them to eat. **Help to make or cook something delicious.**
