

Morena Room 2!

Here are today's activities. Some things are easy for you to do and some may be a little more challenging. It is ok to get someone to help you—they may enjoy it too! Remember, you can also email me; rona.lawson@kaeo.school.nz with any questions, photos, updates or even just to say hi. Posting your photos or commenting on the Kaeo School At Home Facebook page is a great way to share your learning with me and others too. So let's get started ☺

Pānui – Using this link <https://kids.nationalgeographic.com/geography/countries/article/china> read all about China. Remember to use your research skills – skim read, fact check etc. While you are reading, think about one sub-heading that really sticks out to you. Briefly, share this heading and the information in it with somebody else.

Tuhituhi – After becoming an expert on the country of China, select one of the sub-headings from below to *re-write into your own words*. Remember to include the *important* parts of information, and skip out the less important parts.

- Fast facts
- Geography
- People and culture
- Nature
- Government
- History

Pāngarau – Now that we are getting to know different types of polygons. See if you can make yourself a table, similar to the one featured below, to draw your own 'regular' and 'irregular' polygons.

Regular and Irregular Polygons

MATH MONKS

	Regular Polygons		Irregular Polygons	
With odd number of sides				
With even number of sides				

SpongeBob Spelling master!

Just a reminder that we will be using Steps Web as our spelling programme for this lockdown learning through November. So head onto the Steps Web website linked below, and use our class login to sign in. If for whatever reason you can't access Steps Web, please email me and I will happily give you an alternative spelling task 😊 (class login = 7n9cvx) <https://app.stepsweb.com/login/>

Explore and investigate: HAPPY DIWALI WEEK!

Diwali, also known as the 'Festival of Lights', is a 5 day long Hindu celebration beginning on November 4th, 2021.

Hinduism is not only a religion but also a way of life. Hinduism is widely practiced in countries like India and Nepal. Hinduism is the oldest religion in the world.

Watch the animated YouTube clip here about Diwali on Jalebi Street.

<https://www.youtube.com/watch?v=UQ-VIbZSKIo>

Then head over to this YouTube link <https://www.youtube.com/watch?v=A-qPk5ziWgs> and see if you can create some beautiful Rangoli Patterns with a circular piece of paper or a paper cupcake case and some bright colours. There are instructions in the video, so you will need to follow them carefully. See the pictures below for some examples of Rangoli patterns.
