

Kaeo School at Home

Hi from Mrs Molesworth,

Room 7 you are fabulous learners so I know you will be just fine doing some more learning from home without me. Hopefully it won't be for too long and we will be back together at our lovely school. You have been doing work with St John this week so today's plan has more learning about keeping yourself safe at home, preventing injuries and making your home safe. Here is a website that you can access for more fun learning...stjohn.org.nz/safetychamp

Read your school reader every day. I'm sorry there are not more books but we got caught unexpectedly. If we are in lockdown longer than a week we will get packs to you that will have more readers in them. Remember to read your Duffy books with an adult and talk about your favourite parts and characters like we do at school. Remember to look for all those little sight words that you are learning to read yourself. Remember to spot letters you know and with the help of your adult, practice letters you are learning.

This week in maths we are learning about money. Ask your adults if you can look at the NZ coins we use. Look at the pictures and digits on the coins and talk about why we need money and what things you can buy with the coins. Do some coin rubbings by putting a coin under a piece of paper and drawing on top of it so the picture on the coin comes out on the paper. Bring your rubbings to school when we come back and I will paste them in our class maths book.

We are writing stories every day now and most of you know how to choose good story starting words and some of you can spell them yourselves. If you can't get your adult to write them down so you can copy them. Some story starters we use are.... Look at my..... Here is a..... This is a..... I am..... . I want you to draw your story picture about Safety at Home. Remember our little saying ...is this safe? Remember Jo talked about drinking from bottles you don't know what is in them. Remember Jo said don't push things into electrical charger points. Remember what Jo said about the trampoline. Put good picture details and leave a finger space between your words.

You are learning a lot about your letter formation so I want you to practice writing a letter every day. Get your adult to write it for you and you write 2 lines of practice under it. Practice the upper and lower case letter. Please practice writing a number every day. Some numbers are tricky, watch out you don't get them backwards. You will notice numbers or digits on your coins.

For your Art I want you to draw your favourite animal. You did great directional drawing with Pete the Cat. Remember we followed the lady on youtube and she showed us step by step. If you can access youtube find something like a frog or a dog, or a fish and try to draw it. Then colour it in and bring it to school when we get back. Have fun and KEEP SAFE Love Mrs M.
