

News from Room six.

Room 6 have had a fun term. Our favourite things have been swimming, singing Christmas carols, learning about patterns in Maths, and Have a Go Day. We have been making some Maths games to take home, to play with our families in the holidays. We have made our own Snakes and Ladders and Noughts and Crosses boards and some Elf containers to keep our dice and counters.

We are excited about Christmas and have made up an acrostic poem to share our ideas about what Christmas means to us.

Christmas is a time to give presents to people.
Holidays at the beach.
Reindeer pulling Santa through the snow.
Icing on the Christmas cake.
Santa riding in his sled.
Tinsel shinning on the tree.
"Merry Christmas everyone."
Amazing jokes inside the crackers.
Stockings filled with lollies and toys.

Thank you for all your support over the year. We hope that you all have a fun and safe Christmas break.

Merry Christmas Everyone and a Happy New Year!
