

NEWS FROM ROOM ONE.

Kia ora whanau. It is exciting to be back in the classroom! With such a large number of year 6 students, we are fortunate to have two senior classes. This has provided Miss Lawson and I with a fantastic opportunity to work together this year.

Mask wearing for our year 4 and up students (and of course ourselves) has also presented us with another opportunity to think outside the box. It has encouraged us to utilise our beautiful school grounds more, finding new spaces to work in so that we can be outside without our masks on for a large part of our school day. The children have gotten off to a fantastic start developing their outside routines.
