

# Room 3

*Kia ora, whānau! We are Room 3, and these are just some of the things we have enjoyed since being back at school!*

## Creating our crayon self-portraits!

To do this we posed for a photo. It was then printed on paper. We then coloured in the back of the photo with crayon and stuck it to a coloured piece of paper and traced over ourselves with pencil. We then peeled back the photo to reveal...

## We love learning to swim!

We have been practicing breaststroke and how to tread water.

## Learning outside!

We have spent time outside learning how to use Tally charts from counting to cars to insects in Room 3s Garden.
