

# Room 4 Newsletter

## Week 3 - Term 2 - 2022

For Art Exhibition this year, Room 4 are focussing on trees, what trees mean to us, what trees mean to animals, and what trees mean to the world around us. We have talked about how trees absorb carbon dioxide and give out oxygen, we have talked about global warming and how this is affecting people and animals around the world.

We have read a book called 'The Lorax' by Dr. Seuss and a book called 'Be Thankful for Trees - How Trees Sustain our Planet' by Harriet Ziefer & Brian Fitzferald. Both these books focus on the worldwide problem of deforestation. Our next step is to find out a way we can help to sustain our planet through trees.

Trees are Life  
Would life be possible without Trees?

Trees are Food  
Would life be satisfying without Trees?

Trees are Home  
Would life be comfy without Trees?

Trees are Comfort  
Would life be good without Trees?

Be Thankful for Trees

Trees are Recreation  
Would life be fun without Trees?

Trees are Music  
Would life be melodious without Trees?

Trees are Art  
Would life be beautiful without Trees?
