**Term 2
Week 5**

Hello,

An early newsletter this week as we look forward to parent/teacher interviews on Thursday. Interview appointment times have been sent home today, if your child did not bring one home please get in touch with the office.

A reminder that it would be appreciated if parents/caregivers please support us by:

- Not attending if you are unwell.
- Wearing a mask for your interview (we will have spares available if required).
- Arriving at school just before your interview time and once parent interviews are concluded, heading home straight away.

We look forward to seeing you all again.

Paul Barker.

Attendance

A lot of coughs and colds (and tummy bugs) and so attendance was not so good last week and we have dipped under 90% for the term. The winter months do see more illness, and this is expected, but are a good reminder why it is important to not be absent from school unless absolutely necessary when well.

Headlice

Headlice are, sadly, a fact of life at school and are easily spread from child to child. It is important however that parents and caregivers regularly check their children for nits and treat them when required please.
