

All about Africa

This term we have been learning about Africa and using this knowledge to help us put some art pieces together for our art exhibition in a few weeks time. We have learnt about some African patterns in maths and a little bit of African music in our singing. We have also learned all about the different animals and types of environments which are in Africa. We hope you enjoy our art exhibition as much as we have enjoyed creating the art.

Cross country training

Room 7 have lots of energy to be spent and so we have really enjoyed preparing for the upcoming cross country, especially on the days when the sun is shining! With the help of Kiwican we are learning about resilience and facing obstacles as well as being kind and caring.

Practising our Poi

During Term 1 we had a big focus on learning our individual and school pepeha, this term we are spending more time practicing our skills and enjoyment of Poi. Ka pai to mahi Ruma 7!
