

Kia Ora from Room 7

Yay, winter is nearly over but we have made the most of those rainy, blustery inside days. We have had a big focus on developing our literacy skills using our ipads and the Sunshine Readers App. Pete the Cat has taught us safe practices using our ipads. We are also having fun with the Book Creator App, taking more accurate photos and using fun fonts and backgrounds. We managed to harvest our winter garden and with the help of Raina, Kaysey-J and Hinewai we cooked awesome vege soup and look at our ENORMOUS TURNIP! We have many new puzzles and games for reading and maths so learning will be even more fun, not to mention the great potato growing competition as well!
