**Term 3
Week 7**

Hello,

Welcome everyone to spring. I have noticed that the mornings are a lot lighter and there are many more beautiful sunny days. These sunny days mean that the children are able to get out into the playground – and hopefully soon onto the field when the ground dries up. On this note, thank you to all the senior children who have been organising games and activities at lunch times for the rest of the school – well done leaders thank you for supporting your peers.

Another project which is underway at school at the moment, is potato growing. Mrs Molesworth has given each class some seed potatoes and a growing bag. There will be some prizes on harvest day under a number of categories. Good luck everyone, happy potato growing.

Attendance has been much better over this last week, so thank you to everyone, children and caregivers, who are making the effort to get to school every day. Let's make this a regular habit that we all get into.

Kind regards,
Debbie Hayes

"If one works well in a potato field, the potatoes will grow. If one works well among people, they will grow – that's reality. It's important to know that words don't move mountains. Work, exacting work moves mountains."
