**Term 4
Week 4**

Hello,

Earlier this year I advised that it was likely that building work would begin on our two replacement buildings during Term 1 of 2023. For various reasons outside of our control this is no longer the case and the work is now to commence later in the year.

There are advantages and disadvantages that come with this news, but it does mean some changes to our plans for 2023 are required.

We had advised that the new school year would begin at the latest allowable date to provide time for building work to be undertaken whilst children were not at school. With this now no longer being the case our plans have changed, and next year school will now recommence on Wednesday the 1st of February. Please accept my apologies for any inconvenience that this change may cause.

Kind regards,
Paul Barker.
