

NEWS FROM ROOM ONE.

Kia ora whanau.

It is great to be back at school. We have a busy term ahead with STEM, Life Education visiting, Cross Country and much, much more.

I hope you have all had a lovely break with your children, they have come back sharing lots of stories of what they have done during their break.

Here are a few excerpts from their writing for you to enjoy.

I was standing in the line at the pools. I was terrified. As soon as it was my turn everyone was staring at me. I walked up the stairs. There it was! The dark slide. It was pitch black.

I realised my brother had two cakes for doing most of the chores so I took one. Hopefully he wouldn't notice. I ran to the back of the house into the bushes. I ate it slowly because it was delicious.

By Monaro

On Monday my mum called me in to clean the lounge. I said "what's in it for me?" Mum said "I'll take you to the movies and to mini-golf."

By Denzel

I got my bag and said to my Nan "do I have to like...go?" She answered "Yes. Who's going to look after you? Your uncles at work, your aunties somewhere..." I tried to make up a lame excuse not to go but I just sighed in disappointment as I went to put my bag in the car. I was waiting for my Nan in the car. I didn't really want to go to Whangarei but I had no choice but to go anyway.

I was just chilling in the car listening to sad music (I didn't have any ear/headphones so I had my music at full volume).
