

## Room 4

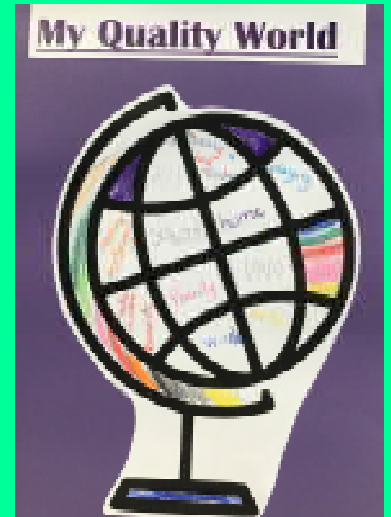

Bertie

Mia

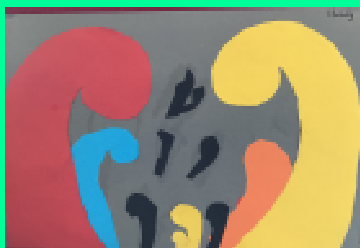

Carlos

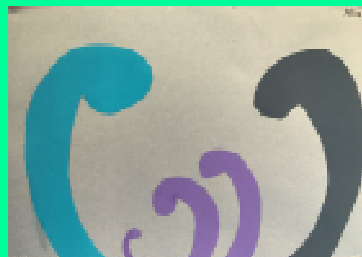

Kaleigh

**In Room 4 we have been learning about ourselves and each other. We have...**

- created some beautiful self portraits out of paper collage.
- thought carefully about things that are important to us and what things make up our quality world.
- shared our families through art, each family member represented by a different coloured koru.
- discussed as a class ways to help build better relationships with each other.
- talked about different feelings on our mood cube and when we might have these feelings.
- learnt about and practiced our school and our own pepeha.
