

# News from Room 6

We have had a great start to the Term. It was good to come back to school and re-connect with our friends. Here are just a few of the holiday stories that we shared.

We are very excited with our new Junior playground. It is lovely to see so many happy smiles as the children explore their new challenges that the playground offers. We brainstormed some adjectives to show just how special we think the playground is; amazing, fantastic, wonderful, awesome, perfect, great, colourful and surprisingly good. Thanks Mr Barker!

In Science we are looking forward to learning more about The Living World. I wonder if we will be able to grow some flowers as beautiful as the poppies we painted for Anzac Day?

This term I have started a new Spelling programme which I am sure will benefit the children. Please look out for the new spelling homework activity.
